HERCULES MAN CRASHES INTO A STREET CAR

Ed Douglas, an employe of the Hercules Powder works at Pinole, drove his motorcycle into a Southern Pacific train at California and Derby street, Berkeley, at 6 o'clock Monday night and received what are believed to be fatal injuries. He was huried to the Roosevelt hospital in the police ambulance where Dr. J. J. Bepton found that the top of his skull had been smashed. Douglas has been unconscious since hurt and at noon it was believed that he had no hope of recovery.

Douglas was 27 years of age. He had been visiting friends in North Oakland and was going west on Derby street when the accident happened. The railway people say the accident was due to careless driving and speeding on the part of the young man.

The members of Richmond Lodge of Moose enjoyed a very delightful evening in their club rooms in the Moose hall last evening.

REV. GUY A. WHITE ELECTED MODERATOR

Rev. Guy A. White, pastor of the First Presbyterian church of this city has been elected to the position of moderator of the Oakland Presbytery, having as his field both Contra Costa and Alameda counties. As moderator the pastor will be called upon to preside at all meetings of the organization held during the coming year.

SUNSET LUMBER TO MOVE TO RICHMOND

It was officially announced last evening at the meeting of the city council that with the completion of the inner harbor dredging that the Sunset Lumber company of Oakland which has long been dickering for a site on the local waterfront had at last made final arrangements and will commence within the next few days the matter of laying out the new plant.

ARCHITECTS TO VISIT PLANTS OF RICHMOND

A delegation of nearly one hundred architects from Oakland, San Francisco and Berkeley are to be entertained tomorrow at the plants of the Pacific Porcelain Ware company and the Pacific Sanitary Manufacturing company at which time they will be shown the various processes used in the manufacture of vitreous ware.

Following the forenoon inspection of both plants a banquet will be served in the large moulding room of the Pacific Sanitary works at which time General Manager N. W. Stearns, H. M. Friesleben and C. Nois will act as hosts for the occasion.

MRS. CUNNINGHAM ON ROAD TO RECOVERY

Mrs. P. H. Cunningham, formerly of Martinez, who is a sister of A. A. Winfree, the well known merchant of this city, has been critically ill for the past few days at the Alta Bates sanatorium in Berkeley.

For several days it was expected by the family and friends that the malady might prove fatal, but advances today from the sanatorium are to the effect that the patient is somewhat improved and that there are hopes for her ultimate recovery.

JITNEYS WILL PUT UP BIG BOND

Are "Jitney" buses an improvement or a detriment to a city? Employees of the Oakland Traction company are strong in their protests against the new innovations while various members of the city council with a broad-minded aspect of municipal affairs believe

that they go toward the makeup of a metropolitan city, and that since the public demands them both for speed and service, why not concede to popular favor.

George W. Dreyssing, a motorman in the employ of the Oakland Traction company cast the first bomb shell at the "Jitneys" at the city council meeting last evening.

"If I were a city official I would see to it that the 'Jitney' buses were placed under such a heavy license tax and their liability insurance made so strong that a man weakened enough to ride in them would have an excellent chance to recover damages."

At this point in his talk on the "Jitney" buses, A. L. Pearson, former laundryman and well known resident of the west side, retorted against the remarks made by Dreyssing, stating that most of the "Jitney" bus drivers were property owners and would be only too glad to comply with the laws.

Superintendent Charles Donnelly of this division of the Oakland Traction company listened to both sides of the argument but refrained from speaking on the subject.

Councilman G. A. Follett, after a short discussion of the "Jitney" bus ordinance as proposed by City Attorney D. J. Hall, recommended that the matter be allowed to go over for one week, during which time the members of the ordinance committee and city attorney will re-draft several amendments to it. It was agreed to make the bond \$10,000 instead of \$5,000.

MARRIED IN METROPOLIS

Miss Rosalind Weisbein and Samuel Kahn, vice president and manager of the Western States Gas & Electric company were married in the ballroom of the Fairmont Hotel last night, an elaborately served wedding supper and a dance providing several delightful hours for the guests after the ceremony. Dr. Martin Meyer read the ritual.

TO WAGE WAR ON THE ROAD HOUSES

Additional evidence was furnished Rev. P. B. Petersen, pastor of the First Methodist church today in his campaign against the "road-houses" in this section of the county with the receipt of three letters through the mail. One letter postmarked in Berkeley and coming from a prominent family of the college town, stated that their son, but seventeen years of age, had come

home on four separate occasions intoxicated, alleging that he had been carousing at the Grand Canyon Chateau. The other two letters were from families in this city.

"With this additional evidence furnished me," stated Rev. Petersen today, "I intend to place my petition in person before the board of supervisors on next Monday afternoon requesting some action taken in regard to the roadhouses."

END OF DRUNKEN JAMBOREE MAY EVANS HELD TO ANSWER

A gray haired man whose love-lorn instincts prevented him from identifying certain articles of jewelry stolen from his room in the Colorado rooming house, corner of Washington and Richmond avenues on the night of Sunday, April 11th, sat in the crowded courtroom of Police Judge Lindsey this morning in the preliminary hearing of May Evans, a dashing blonde, charged with burglary and heard the police magistrate bind the girl of his dreams over to the Superior Court on \$1,000 bonds.

The police court was packed to the doors for the hearing, at which District Attorney T. D. Johnston, Assistant District Attorney Wilbur S. Pierce, and Prosecuting Attorney W. D. Grady appeared for the state, while Attorney Clare D. Horner represented the Evans woman.

Throughout the entire proceedings the Evans woman sat opposite District Attorney T. D. Johnston, never for one instant looking in the direction of her "gray haired companion," never once raising her eyes.

The gray haired man who sat throughout the entire proceedings of the court with head bowed down was Frank Lobere whose charge of burglary against the Evans woman resulted in the arrest of two more confederates.

Following the securing of the evidence from Joseph Haggerty, the last man on the stand, District Attorney T. D. Johnston informed the court that since Lobere had managed to evade all ownership of the jewelry that he had perjured himself and that were the Evans woman allowed to go free, that he intended to bring charges of perjury against the gray haired companion.

Mrs. Kops, proprietress of the Colorado rooming house when placed on the witness stand stated that she did not know the Evans woman, having seen her on but two occasions, and finally owing to the many times which she frequented the house of Lobere was compelled to order her from the house.

ANTIOCH BOY KILLED IN DUEL ON THE COAST

While attempting to arrest two Barbary Coast habitués at Sacramento and Davis streets, San Francisco, at 10:25 o'clock last evening, Patrolman Edward Maloney, a former Antioch boy, and well known in this city, was shot in the back and instantly killed. The murderer then turned his pistol on Special Patrolman Samuel McCain, but the latter knocked the weapon to the pavement before the murderer could fire.

Otto Waller, a sailor, was captured in a running chase half an hour later in a saloon at the corner of Folso and Second streets.

At the Central Station Waller stated that he and Maloney's slayer had started out from the Barbary Coast bent upon robbery. He said he did not know the name of his companion.

"When we left Barbary Coast," said Waller, "we were armed to kill, and if anybody gets in our way I'll shoot to kill," stated by part.

"We were walking down Sacramento street when Patrolman Maloney accosted us. An argument ensued which ended in my partner firing a fusillade of shots at the 'cop.'"

Edward Maloney was formerly employed at Antioch, where he had resided for a number of years, had been on the San Francisco police force for eighteen months.

WEDDING AT ST. MARKS CHURCH TODAY

Miss Sadie Gorman, daughter of Mr. and Mrs. G. C. Gorman, residing at 180 Nevins avenue, became the bride of George Kerrigan at St. Mark's Catholic church this morning. The altar was very prettily decorated with white lilies and ferns for the occasion. The ceremony uniting the young couple being performed by the Rev. Father Quirk of San Francisco, at which time the bride, attired in a blue traveling suit and white hat, was attended by Miss Sadie Smith as bridesmaid and John Kerrigan, brother of the groom. Many friends and relatives of the young couple were present. Immediately following the marriage the honeymooners were whisked to the Santa Fe depot where they managed to board a train for Los Angeles where several days will be spent prior to their return to this city.

MUST TAKE THEIR CHANCES

Assemblyman Hawson's companion bills to repeal the penal code sections defining the defrauding of a liveryman or innkeeper as a misdemeanor has been defeated in the lower house after lengthy discussion. The vote on the bills was 25 to 45, and 22 to 42, respectively.

N. S. G. W. TO VISIT WINEHAVEN

At exactly noon tomorrow the steamer "Monticello" will dock at the wharf of the California Wine Association at which time 200 delegates to the grand parlor convention now in session in San Francisco, accompanied by their wives and friends, will become the guests of Superintendent W. F. Wilson at a banquet.

Following the banquet the guests will be taken on a trip of inspection through the mammoth wine cellars where every detail as to ageing of the wines will be explained.

Sheriff R. R. Veale, a delegate to the convention from Martinez made arrangements over the wire from his quarters at the Hotel Sut-

ter today for the placing of a large banner over the Winehaven hotel announcing the candidacy of Assistant Tax Collector James Hoey for the office of grand president.

OIL REFINERIES TO BE ENLARGED

It is confidently expected by residents of El Segundo that the Standard Oil Company will definitely announce plans for the enlargement of the company's refinery here. The fact that the company has obtained permission from the State Railroad Commission to issue stock to the value of \$4,768,000 out of its cap-

italization indicates that the company is getting ready to go ahead in the matter. It is stated that the money raised from the sale of this stock is to be used in the enlargement of the refineries at Richmond, El Segundo and in the Kern river field, and the betterment and extension of the pipeline system.

RICHMOND TO HAVE NEW BANK

It now seems certain that Richmond is to have another financial institution in the shape of a big commercial and savings bank.

Today agents of John Nicholl were busy attempting to purchase the lease of the lower floor of the building at the corner of Seventh street and Macdonald avenues, now occupied as a cigar store, barber shop and pool room.

It is the intention to take the building and entirely remodel the front and side of it, and install in-

side first class fixtures and banking appliances.

The new bank is to have interest in it large moneyed interests connected with the Central National Bank of Oakland, the John Nicholl money, Waverly Stairley and Geo. Lee.

Among those on the inside of the organization and in a position to know, it is stated that John Nicholl is to be the president, W. Stairley, manager, and George Lee, cashier.

The bank is to start off with a capitalization of \$100,000.

BROWN WILL FIGHT BIGAMY CHARGE

VISALIA, April 20.—Thomas J. Brown, who is being held in jail here on a charge of bigamy, preferred by his first wife, a resident of Winton, in Merced county, was arraigned this morning for preliminary hearing. He will deny the charge, and has retained Attorney W. E. Powers to defend him. A conference between Powers and wife No. 2 was also held, and also by wife No. 2 and Sheriff Court Smith. Nothing as to the intention of Brown can be ascertained, as he has persistently refused to talk. The only reply he has made to any attempt to converse with him, publicly, was when wife No. 3 called at the jail. Laying her hand affectionately on the lapel of his coat, she said, "Hester, don't you know me?" He smiled and he replied, "Well, you came here to see me, and that is all you wanted, isn't it?"

Brown was called upon later by wife No. 2, and had a long conference with her but neither will divulge the nature of the conference. Wife No. 2, who was Mrs. Sarah Hallahan of Oakland, impressed

with being sincere in her claim that she had no knowledge of Brown's previous marriage, and that she entered into the contract in good faith. She is a woman of fine appearance and evident culture, and is well connected. W. E. Powers has received a telegram from Judge Frick of Oakland, a friend of her family, to look after her interests, and he will appear in the case as her attorney, as well as that of Brown. She declared that she still loves

Independent Democratic Official Paper of City of Richmond

THE PRESIDENTIAL CAMPAIGN

Although it is yet early to talk about the next presidential campaign, says the Ukiah Express-Democrat, nevertheless such talk has begun and it seems to be the consensus of opinion that there is but one man whom the Democrats can put up, and that is Woodrow Wilson. Eastern newspapers presumed to reflect the sentiment of the Democrats of their section, are almost unanimously for Mr. Wilson. The President himself has stated practically that he will be a candidate for the nomination of the Democratic party. And it is meant that it should be so. The many revolutionary acts of Congress during the past two years are but the reflection of the wishes of the President and practically carry out policies originating with him. Therefore he should be allowed to go before the people once more that they may set the stamp of their approval upon what he has done.

The Progressives seem to be without any leader worthy the name, unless we except Hiram Johnson, of California, and the party seems to be dead outside this State, and will be dead here as soon as the non-partisan election law goes into effect. Roosevelt, the original Bull Moose, has intimated that he will return to the ranks of Republicanism provided that the Republicans put up any candidate for President except Mr. Taft.

The line of attack which will be followed by the Republicans in their assault on Democratic strongholds a year from next Fall will probably be the old cry of hard times. But before the people listen to this cry they should recall the halcyon days of 1906, when the Republican machine was in control, and the trusts rode rough shod over the people and we did business with clearing house certificates. Furthermore, they should stop to think where we should be now were it not for the firm hand of Wilson at the helm steering us clear of the rocks. With any one else except him we would long ago have been embroiled not only with Mexico but in the European troubles as well, and American blood would be flowing like water to the enrichment of the armor and powder trusts.

Although business conditions are not all they should be, we should stop and remember how much worse they might be were it not for Wilson's firmness in avoiding war. It is but the matter of a few months until the European belligerents will be exhausted and peace will be concluded, and American business then will be in a position to reap the reward of Wilson's policy of watchful waiting. All the pent up surplus of this country will go to rehabilitate the exhausted nations of Europe and European gold will come back to us in exchange. There is a good time coming and it awaits only the settlement of the European controversy and the establishment of peace.

As long as the federal income tax returns are kept secret, we shall not know just how much a night Sig. Caruso gets.

GOPHER TAIL INDUSTRY

Those 71,424 gopher tails at 5 cents each have so depleted the treasury of Maricopa county, Arizona, as to cause the board of supervisors to go out of the business of purchasing gopher narratives, says the Los Angeles Times. There is a shrewd suspicion that an enterprising ranchman in the Gila Valley has been breeding gophers for the Phoenix market. He would capture the little creatures in traps that would not harm them. Then, like the farmer's wife in the poem, he would "cut off their tails with a carving knife" and return them to their holes. The gophers illustrated the operations of the Darwinian law of evolution, for each succeeding generation had shorter and shorter tails until the last lot had only bobs. These the supervisors refused to pay for and then they silenced all clamors by repealing the gopher-tail purchasing ordinance.

A MODEL CONSTRUCTION CAMP

As an example of what may be done in a construction camp for the health and happiness of its occupants, the Journal of the American Medical Association points to the camp of the United States Reclamation Service at Elephant Butte, New Mexico.

The camp has 3000 inhabitants, 1200 of whom are employees of the Reclamation Service, and there are many families with several children. The majority of the laborers, however, are single men and live in cottages or barracks. These little homes are screened, lighted with electricity, sewerage and provided with water. Septic tanks are provided for the disposal of sewage, both in the official and other parts of the town.

One of these wise geeks called savants at an Eastern college says that they had hair tonics in the time of Moses. Well, what of it? Probably the men of those times tried to ward off the inroads of old Father Time just as they do in the present age and for the same reason.

An exchange asks: "How could a man's nerve be broken with a playing card?" Very easy! It is quite evident that that guy never sat in a good sized pot and drew the tray of clubs to fill a royal flush. That's real nerve racking.

Now that it has pulled off a swell wedding, with royalty and nobility inside the church and 8,000 people outside without a bomb, London will be harder to scare than ever.

Even if its friction, and it probably is, this story that the king of Italy owns \$25,000,000 worth of stock in the Krupp gun works that will be cancelled if he joins the allies, is mighty interesting.

Possibly if the London editor who tells Wilson to mind his own business and let the war alone will look closer he will find he is doing just that.

It is safe to say that there has been only one reporter involved in a million dollar mystery.

Congratulations To:

APRIL 20th.

Hon. James Duval Phelan, the new United States Senator from California, former Mayor of San Francisco, and a leader in the reconstruction of the city after the big fire nine years ago, is 54 years old today. Before entering the Senate he rendered many services to the government, his most recent being the investigation of the charges brought against James M. Sullivan, United States Minister to Santo Domingo. Mr. Phelan was born in San Francisco April 20, 1861. He was graduated from St. Ignace College and studied law at the University of California. He was elected Mayor of San Francisco in 1896, serving for six years. He was in charge of the relief and Red Cross funds after the big disaster, by appointment of President Roosevelt. He was a member of the boards which designed the new city, and he erected the largest office building in the city to show his faith in the reconstruction. Mr. Phelan made a tour of Europe at President Wilson's invitation to secure exhibits and participation in the Panama-Pacific Exposition. He won the United States Senatorship by a plurality of 25,000 last fall over his Republican rival, Cardinal Farley of New York, 73 years old today.

Daniel C. French, America's most noted sculptor, 65 years old today.

PACIFIC GAS TO DECLARE STOCK DIVIDEND

The Pacific Gas and Electric company has applied to the Railroad Commission for leave to pay a dividend in common stock to the present holders of that issue.

Since January 1, 1914, the company has retired \$849,500 of its bonds through payments into its sinking funds.

During the remainder of 1915 the company will be called upon to retire \$1,461,000 additional of its bonds.

All of the payments thus far have been made and the future payments will be made out of the net earnings or surplus profits, and the company seeks leave in its application to capitalize these disbursements for capital account by the payment of a common stock dividend.

It is proposed that this dividend shall consist of as many shares of its unissued common capital stock as shall be equal to the amount of net earnings or surplus profits, which the company's board of directors shall determine permanently to capitalize; but not exceeding 6 per cent of the common capital stock now in the hands of the public.

This sounds slightly vague, but from a well-informed source it was learned that the directorate proposes to declare a 6 per cent common stock dividend for the year of the Railroad Commission will give its consent thereto—and no reason exists why the commission should not acquiesce. The outstanding common stock now amounts to \$32,109,300, and 6 per cent thereof would be \$1,926,558.

**Own Your Own Home and Be Your Own Boss on
Salinas City Farms**

In the "GARDEN SPOT" of California

LOCATION—One and three-fourths miles
east of Salinas City the county seat of Monte-
rey County, with a population of about 6,000,
118 miles south of San Francisco, one-fourth
mile from station on the Pajaro Valley Rail-
road.
The soil is a rich deep level sedimentary
loam, no alkali, no adobe and no hardpan.
This is soil on which you can positively "make
good," easily worked and turns up nice and
mellow, pulverizes readily under the harrow
and retains the moisture during the summer
months. The land is all cleared and ready for
the plow, no rocks, trees, brush or roots.
SCHOOLS—Good grammar school is lo-
cated on the property; high school at Salinas
within a short walk or drive.
POTATOES—This is the home of the famous
Salinas Burbank potato which always sell for

the very highest market price, often bringing
twice as much as potatoes from other sections
of the country. Here "THE POTATO IS
KING," enormous profits are made in this
section from raising potatoes. Mr. M. F.
Martin of Salinas harvested 5,600 sacks of po-
tatoes from his 38 acres—this is an average of
155 sacks to the acre—he sold the crop for
\$11,000 or an average of \$289 per acre.
If you want a home.
If you want a chance to make good come
and see these "SALINAS CITY FARMS," any
size you want—5, 10, 15 or 20 acres.
One price all the way through, \$125 an
acre.
Terms can be arranged to suit the purchaser.
We give from seven to eight years to pay for
it, with interest at 6 per cent.

**THE EUROPEAN WAR
IN BIBLE PROPHECY.**

Undreamed of passions have burst forth,
devouring the lands that patient hands
have beautified and made fertile, and cen-

the entire world the war has come as a
complete surprise because they have not
read our book (100 pages—cloth) telling
that just such conditions would exist, only
to be followed by the still greater deas-
tation of anarchy. The first edition came
from the press in 1897.
Of vast interest and importance is its

Richmond, Cal., Jan. 2, 1915.
Dear Drs. Chan and Kong:
I have suffered from rheumatism,
kidney and bladder trouble for years
and have tried many doctors' and
most of the advertised preparations
without getting cured. I was com-
pletely cured by you in three weeks,
and since then I have not suffered
at all. I will be glad to meet any
one who wishes to talk to me per-
sonally, and tell them at great
length just how much you did for
me and how grateful I feel. Sin-
cerely yours,

Inspector: J. A. DeBarrows. Clerks: Mrs. Louise M. Role and Mrs. Mary Hand.

The officers of election, hereinbefore named and designated, must, prior to entering upon their respective duties, each take and subscribe the oath of office prescribed by law for such officers and apportion among themselves, the work and labor required to conduct such election.

In case any of the officers of election so designated and appointed, shall fail to attend at the opening of the polls on the morning of said election, the officers of the municipal election precincts present at that hour, shall fill their places by appointing other competent and qualified persons.

The polls for such election shall be open at six (6) o'clock a. m. of the morning of said day of election, and shall be kept open until seven (7) o'clock p. m. in the afternoon of the same day, when the polls shall be closed.

The City Clerk is hereby empowered to change the polling place or polling places, if found necessary. Such change to be not more than one hundred (100) feet distant from the polling place as such precinct, as designated in this resolution.

The names of all candidates for councilmen of which each qualified elector of the City of Richmond, State of California, may vote for only three, are as follows:

1. John Nathaniel Hartnett.

2. John George Gerlach.

3. George O. Watson.

4. Dr. Charles Johnson.

5. George D. Mason.

6. George W. Osborn.

7. James E. Arnold.

NOTICE OF IMPROVEMENT INVITING PROPOSALS THEREFOR

Pursuant to Statute and to Resolution Ordering Work No. 247 of the Council of the City of Richmond, adopted April 19th, 1915, directing this notice.

NOTICE IS HEREBY GIVEN that for the following described Street Work, ordered by said Council, and to be done according to the specifications No. 247 posted, and on file in my office, and thereafter adopted by said Council, on the 31st day of August, 1914, by Resolution adopting Plans, etc., No. 247 to which reference for particulars is hereby made, namely:

That Sixteenth Street from the southerly line of Ohio Street to the northerly line of Potrero Avenue, including the intersections of Florida, Maine and Virginia Streets with said Sixteenth Street, but excluding the intersection of Cutting Boulevard with said Sixteenth Street, be graded to its full width to the official lines and grades, paved with four and one-half (4½) inches of asphalt concrete and sidewalks and curbs constructed with cement concrete. That corrugated iron culverts with corrugated iron branches, together with concrete wing walls and portals be constructed on the easterly curb line of Sixteenth Street across Florida, Maine and Virginia Streets; and under the sidewalk return on the northwesterly corners of the intersection of the said Sixteenth Street with Florida, Maine and Virginia Streets.

Excepting any of the above work required by or next in order or repair by any person or corporation having railroad tracks thereon, and further excluding any of the above work now in to the official lines, grades and specifications.

All of the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution du, passed at a regular meeting of said Council held on the 19th day of August, 1914, and numbered 247 now on file in the office of the Clerk of the City of Richmond, and thereto being hereby specially made.

That said City Council, under the authority conferred by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that aerial bonds shall be issued to represent the expenses of said improvements, said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars (\$25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole of said bond interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Reference is hereby made to Patent License Agreement of Warren Brothers Company dated March 13, 1915, now on file in the office of the Clerk of the City of Richmond.

Said proposals are hereby invited to be filed in the office of the undersigned, City Clerk of said City, on or before 12 o'clock P. M. of Monday, May 3rd, 1915.

Bidders must file with each proposal a check, certified by a reputable Bank, payable to the order of the City of Richmond, for an amount which shall not be less than ten per cent of the aggregate of said proposal, or a Bond for said amount, payable as aforesaid, either by the bidder or by two sureties, who shall justify before an officer authorized to administer an oath, in double the said amount, over and above all statutory exemptions. Bids received as aforesaid will be opened at 3:30 p. m. of said last named day.

Dated at the Clerk's office, City of Richmond, this 20th day of April, 1915.

INVESTIGATING MYSTERY SHIP

There is much speculation at San Pedro as to what the expected investigation by the United States immigration officials of the steamship *Maverick* will reveal. The *Maverick* arrived at that harbor from Long Beach, and the first intimation that there might be something irregular about the vessel came when it was learned that the ship's officers were having difficulty in recruiting a crew.

The steamship is a tanker and was formerly owned by the Standard Oil company. She was sold ostensibly to John F. Craig of the Craig Ship-building company of Long Beach, but, according to waterfront reports, the vessel is really owned

by the "Maverick Steamship company," which is said to be Fred Jobson, formerly a lieutenant in the German navy. Jobson also owns the steamer *Mazatlan*, which was seized by the Mexicans several months ago.

After the *Maverick* began taking on stores it was rumored there was ammunition in her hold. Then three of the prospective crew refused to sign articles. The ship's articles state she is to sail for Mexican and then Asiatic ports. The men were told the steamer would sail for Borneo, and an officer in talking to a prospective member of the crew, said the vessel would be sold after reaching Mexico.

HOLLAND SETTLES WITH SANTA FE

W. T. Holland, of San Francisco who several weeks ago purchased \$2410.14 worth of property belonging to the Atchison, Topeka and Santa Fe railway company which was sold by City Engineer H. D. Chapman and who held out immediately following the sale for a fifty per cent cash advance, was today notified in Martinez that a flaw had been found in the proceedings and

that he had better settle in an amicable manner. He did so, receiving ten per cent above his buying price.

The company seeing its mistake made two special attempts to compromise with Holland and failing each time, decided to put the cream of their legal talent on the proceedings.

A flaw was soon found which resulted today in Holland settling the case out of court.

CHURCHES WILL NOT HAVE TO PAY TAXES

Assemblyman Rowminger's proposed constitutional amendment providing that churches, which are exempt from taxes, shall be permitted to use their edifices for social affairs without coming under the taxation laws was passed by the Senate today.

Senator Strobbridge was at first inclined to oppose the measure.

"There is \$100,000,000 worth of property exempted from taxation in Alameda county," he declared. "I think we are going too far."

"That exemption includes the State University and State institutions," Senator Cogswell pointed out.

CHARLES CHAPLIN, Famous Loose Pants Comedian in 2,000 Feet of Laughter, "Caught in a Cigarette" at the Richmond Theatre Tonight. Don't Miss Seeing "Cholly" in This Side-Splitting Film.

CHARLEY CHAPLIN ARRIVE HERE TO GREAT DRAWING CARD VISIT BROTHER A. A. WINFREE

What has proven to be the most attractive and delightful of all comedies of domestic life that has ever been shown at the Richmond theatre today in "Pretty Mrs. Smith" in which Fritz Scheff is seen in the title role of the young woman who has three matrimonial adventures and who suddenly finds that her supposedly dead husbands have come back to life to "plague her." It's a real snappy and very entertaining drama which will interest every woman.

Two other good reels including the always amusing Charles Chaplin, make a splendid bill. Chaplin's ever increasing army of admirers now simply demand that he be seen on almost every bill.

Travel stained after their long trip across the continent from their home in Hopkinsville, Kentucky. Judge W. P. Winfree, a brother of A. A. Winfree, the local clothier, his wife, Mrs. Allen Hardison and E. W. Callnon, former partner of the local merchant, arrived in this city last evening.

The party from the "Blue Grass" state will stop over at the Winfree home on Fourth street for several days, during which time they will take in the Panama-Pacific Exposition. Before coming to Richmond they visited the San Diego Exposition and a relative of Mr. Callnon at San Bernardino.

ST. MARKS' YOUNG LADIES ARRANGE BALL

Arrangements have been made by the members of the Young Ladies' Sodality of St. Mark's Catholic church for a whist party to be given in the assembly hall of the church on the evening of May 6th. The committee in charge of the affair is composed of Father Griffin, Miss Lucia Kerr, Miss Florence Tavelara, Miss Rose Kane and Miss Anna Quinn.

HI STUDENTS PLAN FOR LAUNCH RIDE

At a meeting yesterday afternoon of the Students' Association of the Richmond Union High school it was decided to do away with the old custom of a May Day celebration which was to have been held at East Shore park this year.

A social committee was named to make arrangements for either a theatre party or a launch ride about the bay and to report at an early date.

RICHMOND CLUB CANDIDATES' BALL

A "Candidates' Ball" is the next thing of social importance planned by the members of the Richmond Club, to be held in their Nevin avenue clubhouse on the evening of April 24th.

The floor managers will be chosen from the list of candidates now in the race for city councilmen while late in the evening it is planned to take a straw vote for the purpose of seeing which candidate is the most popular.

COURT STINGS THE STINGER IN TRADE WAR OF ADDERS

JUDGE LANDIS

ADDERS' ADDING

Another skeleton in the closet of industrial America came to light when the adding machine patents case came up before Judge Kenesaw M. Landis, in the Federal Court on motion for appeal from his famous decree of three words, in a case involving many millions. Imitation machines designed as "knockers" to damage the reputation of a patented device were the skeletons. The courts "decree for complainant" on its charge of infringement was in favor of Felt & Tarrant Mfg. Co., manufacturers of the comptometer, against the Burroughs Adding Machine Co. How general the use of "knockers" has become in the competition of patented specialties was not stated.

Whirlpool

SANITARY

DISHWASHER

SEE WHAT SCIENCE HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish Washer saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the hand forward and backward rotates the propeller in the bottom of the washer, which draws the hot soapy water up, creating a vacuum, through and over all the dishes, thereby cleaning them at all points, and cleaning them, with absolute perfection on all sides. The dishes are completely washed in less than one minute, then the water is drawn down as easily as a child can operate it.

Turning down the small lever at the top of the washer, causes the valve and discharge the water in a few seconds. The clear boiling water through the lid and turning the handle about thirty degrees. The closing operation automatically cleans the washer itself, which always remains in absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dish Washer sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnished agents the best opportunity for quick money making available anywhere.

A TALK WITH A RICHMOND MAN

Mr. Hollen of 219 Standard Avenue tells of an interesting experience. There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Richmond man:

"For several years I suffered from kidney disorders," says Mr. Hollen, of 219 Standard Ave., Richmond. "I felt all run down and was unfit for work of any kind. If it hadn't been for Doan's Kidney Pills, I am certain that I couldn't have kept up. Whenever I use this remedy, the kidney secretions stop bothering me and my back gets strong and free from pain."

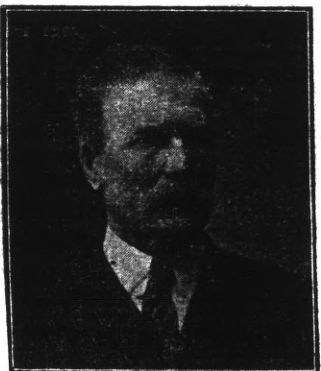

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hollen had. Foster-Milburn Co., Props., Buffalo, N. Y. ad.

ROLICKING FUN AT ORPHEUM THIS WEEK

Rollicking fun is the key note of the Oakland Orpheum show this week with Homer B. Mason as the General in command of the fun festival. Right at his side with a big banner inscribed "For Laughing Purposes Only" comes Lew Hawkins the famous minstrel. But that is not all for in the same army of fun makers are Francis Lucille and Jimmy Lucas with some live wire nonsense that is extremely funny.

These are the days when people are glad of the chance to smile and that is why Homer B. Mason with his one act play "Married" is a public benefactor. Mason is an artist at creating smiles and he gains his comedy effects in such a classy way that no one could ever question the methods he uses to gain laughs. With him this season is pretty Marguerite Keeler, and the two are offering a one act play called "Married" which was written by Porter Emerson Browne. The sketch is packed full of fun from start to finish, and also contains a nifty surprise at the end, which it would be wrong to divulge in advance, for that would spoil the pleasure of those who are going to see it during the coming week.

A beautiful musical feature is that of the Seven Colonial Belles who call their act "1776 De Luxe." The belles are quaint, quitted and queenly and they also know how to play first class music in a first class style. They are pretty enough to be a feast for the eye and their music is a delight to the ear and altogether they registered one of the soundest hits made at the Orpheum in many a month.

George Damerel formerly a star of "The Merry Widow" and one of the best light opera comedians and singers on the stage has a spectacular act called "Ordered Home" in which some quaint and pleasing Hawaiian music is heard. Damerel in this play is an army officer in the Philippines whose romance is cut short by military necessities. He has a beautiful scenic setting and with the music and other accessories the entire act is an impressive affair.

Lew Hawkins is one of the cleverest blackface fun makers in the country and always has been a big favorite in Oakland. This year he has a great host of new quips and succeeds in keeping the audience in a gale of glee.

Clara Inge who calls herself "The Dixie Girl" is a bright lassie and an artist to the finger tips. Her bits of mimicry and song and recitations constitutes one of the bright spots on the program.

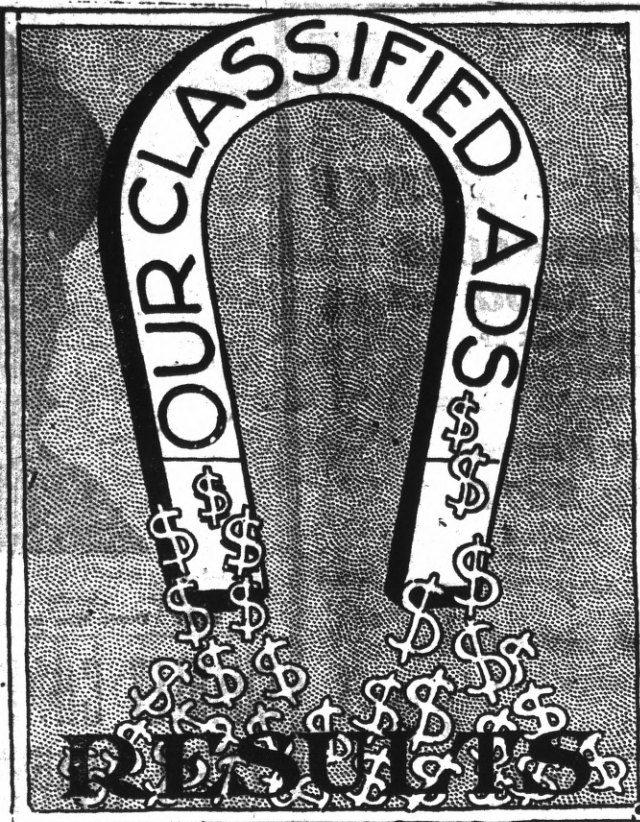

The show opens with some remarkable tricks at billiards done by the Kerville Family who are completing a world tour, having recently arrived from the Orient.

Lovers of fun in motion pictures will enjoy seeing Charles Chaplin in the comedy film called "In The Park" which is packed full of nonsense of the most amusing sort.

FOREST RANGERS INSURE THEIR HORSES

The forest rangers in California have formed a mutual horse insurance association for the purpose of distributing the loss that occurs when their saddle or pack animals are killed or disabled. When horses hired by the government for packing supplies to fire-fighters or for other purposes are injured the owners are reimbursed, but rangers are supposed to provide their own mounts and as the government does not compensate them for losses the rangers have pooled their interests.

The scheme was given a trial last season with 177 rangers in the association. Two claims were paid. Other losses occurred, but the losers were not members of the association. This season it is expected that most of the 900 rangers who constitute the summer patrol force in California will be members.

The Brazilian government has prohibited the use of preservatives in almost every kind of foodstuffs and beverages.

An Australian countess has contributed 5,000 cork legs to wounded soldiers; Jean de Reszke, the famous tenor, has given 50,000 cigarettes to the wounded allies.

American railroads employ 1,315,289 persons, who have an average yearly wage of over \$1,000.

MEAT PRODUCTION INCREASES ON FORESTS

Receipts from grazing permits on the National Forests for the season of 1915 will contribute to the public revenues approximately \$1,200,000, or about \$200,000 more than last year according to an estimate made for the allowances just authorized by the Secretary of Agriculture. The forests this year will furnish forage for 1,983,775 cattle and horses, 8,747,035 sheep and goats, and 64,040 swine; the figures indicating a material increase of meat production on the government-regulated ranges.

The increase of 92,656 cattle and horses over the allowances for 1914 is accompanied by a decrease of 120,831 sheep and goats, showing that in parts of the west sheep are giving way to cattle. It is thought that the recent high price of beef has been encouraging many farmers and former sheepmen to go into the cattle business, though it will be the first time in the last five years that the allowance of sheep has not increased over that of the previous season. There are localities however where the demand for sheep range is far in excess of the supply.

The grazing charges are slightly higher this year. In the west the rates have been fixed at 48 to 90 cents per head per year for cattle and horses, and 12 to 18 cents for sheep and goats; in the east the rates are from 85 cents to \$1.50 for cattle, \$1.10 to \$3.00 for horses, and 25 to 40 cents for sheep and goats. Pigs pay from 29 to 43 cents in the west and 50 to 90 cents in the east.

The grazing allowances indicate the relative importance of the stock business in the various parts of the west in which the National Forests are situated. The Forests in District 2, which embraces Colorado,

Wyoming, South Dakota, Nebraska, western Kansas, northern Michigan, and northern Minnesota, are allowed the largest number of cattle, 522,550 head, and next to the largest number of sheep, 1,394,500 head; District 3, comprising Arizona and New Mexico, 418,900 cattle and 969,800 sheep; District 5, embracing California and southwestern Nevada, 212,280 cattle and 508,050 sheep; District 6, comprising Washington, Oregon and Alaska, 159,250 cattle and 1,280,500 sheep; District 7, which includes Arkansas, Florida, Oklahoma and the states in New England and the southern Appalachian region, where forest reservations have been purchased by the government, 46,135 cattle and 14,850 sheep.

ANTI-ALIEN LAW AMENDED BY ASSEMBLY

The Assembly has passed Senator James' bill exempting alien school teachers from the provisions of a statute which requires public employees to be native born or naturalized citizens. The vote was 43 to 11, and notice of reconsideration was made by W. A. McDonald of San Francisco.

The measure validates the present employment of alien school teachers and clears up a situation which threatened a few weeks ago to involve California in an international complication. At the request of the British Minister, Secretary of State Bryan asked Governor Johnson to investigate a report that hundreds of California teachers in California were in danger of dismissal on the ground that they were not American citizens.

The State Attorney-General had ruled that inasmuch as they were aliens they were not entitled to draw pay from the State.

BROWN TO FIGHT BIGAMY CHARGE

(Continued from Page One)

Brown, and that she will stand by him to the bitter end.

It was established that the marriage of Thomas J. Brown and Elizabeth Hallihan took place here in Visalia March 6, the same day the license was issued, and was performed by Rev. Matcalf of this city. Brown was living on a ranch near Porterville at the time of his arrest, and was keeping close at home, neither he nor wife No. 2 having been seen much in public. The arrest was made by Sheriff Smith and Deputy Hicks, who watched Brown and wife No. 2 by aid of

the auto lights. Brown collapsed when arrested.

Brown first met Miss Hallihan while employed at engineering work in Yosemite for the state highway commission, she having been employed as bookkeeper in a hotel.

Mrs. Thomas Judson Brown, wife of the bigamist, returned to her home in Winston from Visalia. In a conversation she said she visited the Visalia jail to see her husband, but that he declined to shake hands with her, and pretended not to know her. She also said she had an interview with Miss Hallihan at the jail yesterday, and that the latter maintained she did not know Brown was a married man. Also that Miss Hallihan still seems disposed to believe in his innocence, and announced that she had secured an attorney to fight the case to the bitter end for his defense. Mrs. Brown lives on a 20-acre ranch in the Cressley colony near Winton, this county.

"Have used your Liniment very successfully in a case of rheumatism, and always have a bottle on hand in case of a cold or sore throat. I wish to say I think it one of the best of household remedies. I would not have used it only it was recommended to me by a friend of mine who, I wish to say, is one of the best boosters for your Liniment I ever saw."—J. W. Fuller, Denver, Col.

"Just a line in praise of Sloan's Liniment. I have been ill nearly fourteen weeks with rheumatism, have been treated by doctors who did their best. I had not slept for the terrible pain for several nights, when my wife got me a small bottle of the Liniment and three applications gave me relief so that I could sleep."—Joseph Tumblyn, 616 Commerce Street, McKeesport, Pa.
